§6–304.

(a) The Secretary shall assist local governments, if necessary, to provide case management of children with elevated blood lead levels greater than or equal to 10 micrograms per deciliter (µg/dl).

(b) On receipt of the results of a blood test for lead poisoning indicating that a child under 6 years of age has an elevated blood lead level greater than or equal to 10 µg/dl, the Department or a local health department shall notify:

(1) The child's parent or legal guardian; and

(2) In the case of a child who lives in a rental dwelling unit, the owner of the rental dwelling unit where the child resides.
